DETAILED ACTION

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 4-11, 13-15, 18-21.

Allowable Subject Matter

Claims 1, 3, 17, 22-24 are allowed.

The following is an examiner's statement of reasons for allowance: Applicant's amendment and remarks submitted 12/1/06 have placed the application in condition for allowance. Specifically prior art of record fails to teach the light transmission restricting layer not formed beneath the pixel electrode positioned between any other gate lines in combination with the limitations of claim 1. The remaining claims depend from claim 1 and act only to further narrow the allowable subject matter found therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
